re CBM COMPUTERS, DUBBO

Lynx Printing Service is located in Mudgee. It is a medium-sized commercial offset and, to a lesser extent, digital printing works, specialising in printing for the mining industry and other types of business.

For some years we have purchased our computers and associated products from CBM Computers in Dubbo. We have found them to supply quality, reliable products.

Whilst price is a factor when making any capital purchase the primary factor in our decision has been the quality of after-sales service we receive. Other businesses may sell computers at lower prices but they do not provide the essential after-sales service.

We no longer go through the procedure of assessing various options when making a computer purchase as CBM's professional, reliable and ethic approach to business has been proven to us repeatedly over the years.

Yours faithfully,

David Bailey  
Director
